

ENKI Downloads

You will need to use the BlueFire Reader App to open your book and you must have an Adobe Id.

You can get the Bluefire Reader App at the Google or Apple App store. It is free.

To download an Enki book you've checked out to your IOS device:

1. Go to <https://marin.enkilibrary.org/>
2. Or <http://enkilibrary.org/> and then select your library from the pulldown menu: MARINet
3. Log into your library account: using Library card number and password/PIN
4. Once you've logged in, you should see your book listed, with an icon next to it, saying "Download."
5. **Do not** download to the Overdrive App.
6. Click on download.
7. Download ASCM file
8. On a device tap on download arrow near web address on right side.
9. Tap on Upload arrow right hand corner of screen.
10. Look at selection of apps, if don't see BlueFire Reader, click on more.
11. Select Copy to BlueFire Reader App.

If you do not have an adobe id, you must create one. Create your adobe id here.
